PERMANENT COLLECTION SITES

Permanent collection sites are able to accept containers throughout the year. Before dropping off containers, call to ensure the facility will be open.

County	Location	Contact
Greene	CHS Carrollton, IL	George Staples 217-942-6991
McLean	Randolph Ag Heyworth, IL	Brad Hamilton 309-473-3256
Lawrence	Klein Flying Serv. Lawrenceville, IL	Robert Klein 618-884-1040

SPONSORS

The Illinois Department of Agriculture sponsors the program in conjunction with the Agriculture Container Recycling Council, GROWMARK, Inc., the Illinois Fertilizer and Chemical Association, Container Services Network, the Farm Bureau, and the U of I Extension Service.

ACCEPTABLE CONTAINERS

The program accepts only clean, dry high density polyethylene (HDPE) #2 plastic agrichemical containers. All caps, labels, booklets and foil seals must be removed. Never put a cap back on a rinsed container.

CONTAINER RINSING

To pressure rinse:

Empty the pesticide into the spray tank and let the container drain for at least 30 seconds. Continue holding the container upside down, puncture the bottom, insert the nozzle, and rinse for the length of time recommended by the manufacturer, usually 30 seconds.

To triple rinse:

Empty the pesticide into the spray tank and let the container drain for at least 30 seconds.

Fill the container with water or rinse solution.

Place the lid securely on the container. Swirl the container to thoroughly rinse all inside surfaces.

Remove the lid, pour the rinsate into the sprayer tank, and let the container drain for at least 30 seconds.

Repeat the above rinsing and draining steps at least two more times. Additional rinsing may be necessary to ensure containers are clean.
