dgrady@salawus.com

With Illinois set to become the 11th state to permit recreational cannabis beginning January 1, now is an important time for all employers to understand the potential exposure and damages their organization could face, and to carefully examine their policies and practices on drug testing.

Join Darren Grady and Heather Bailey during this timely presentation as they highlight the new Cannabis Regulation and Tax Act (CRTA) law and talk through the statutory changes impacting Illinois employers. This discussion will emphasize: **what employers should do to diminish legal risks and protect their workforce.**

We hope you can join us!
